

Okay, so this is a voice recorder  
(Okay, so this is a voice recorder)

I used it to talk to versions of myself from the future and from the past  
(I used it to talk to versions of myself from the future and from the past)

And I've had this conversation with myself for 81 years now  
(And I've had this conversation with myself for 81 years now)

Okay, how old are you?

Eight

Eight... so that is more than ten times how old you are  
(Eight... so that is more than ten times how old you are)

So, what would you like to tell yourself from the future?  
(So, what would you like to tell yourself from the future?)

Do you want to give it a try?  
(Wanna give it a try?)

It's okay, let's just count to ten and when we're done you can say anything you want, okay?  
(It's okay, let's just count to ten and when we're done you can say anything you want, okay?)

One, two, three, four, five, six, seven, eight, nine, ten...  
(One, two, three, four, five, six, seven, eight, nine, ten...)
