

# Strangers

DROELOE

All these people passing by  
They all wonder who am I?  
Different stories, different life  
No need to be afraid of all the other eyes

Unfamiliar faces  
I don't care what you see  
Here we are, the nameless  
Together we are free

Unfamiliar faces  
I don't care what you see  
Here we are, the nameless  
Together we are free

(Something about today is feeling really strange)  
(Something about today is feeling really great)

(Something about today is feeling really strange)  
(Something about today is feeling really great)
