Alcohol

Dropkick Murphys

We're gonna die when the sun comes up
We'll drink until we drop
My blood's one hundred proof
We're gonna stumble twist and crawl
Got 99 bottles of beer on the wall
I'd rather drink than fuck

No doubt about it
Can't live without it
No doubt about it
I can't live without it, alcohol
Alcohol

Why it's my destiny?
You get the beer
We get the time
You get the coke, gimme a line

No doubt about it
Can't live without it
No doubt about it
I can't live without it, alcohol

We're gonna die when the sun comes up
We'll drink until we drop
My blood's one hundred proof
We're gonna stumble twist and crawl
Got 99 bottles of beer on the wall
I'd rather drink than fuck

You get the beer
We get the time
You get the coke, gimme a line

No doubt about it
Can't live without it
No doubt about it
I can't live without it
