

Do or Die

Dropkick Murphys

The once steel tough fabric of a Union man Was sold and Bartered
away Fed to money wolves in the Reagen years, Caught in a drift
in greedy nintetie's days So inside this song is our rally cry

Your dreams are in danger, and We Must Rise Our time has come
we are under the gun It's Do or Die

Its not a rebel cry of some socialist Scheme to push for human
rights Just the facts an obvious mentioned on the Behalf of the
working man, for his family and his livelihood

Your dreams are in danger, and We Must Rise Our time has come
we are under the gun It's Do or Die

The once steel tough fabric of the union man was sold and bartered
away Fed to money wolves in the Reagen years, Caught adrift
in greedy nineties days

Your dreams are in danger, and We Must Rise Our time has come
we are under the gun It's Do or Die
