

# Shark Attack

Dropkick Murphys

Lurking deep below  
Racing toward the surface  
Fifteen hundred pounds of fury  
Power, might and purpose  
Animal aggression coming after you and me  
Blood in the water  
At Tenean Beach

Fear is in the air now  
The foolish turn their backs  
Who'll be next to feel the wrath  
When the predator attacks

Below the water's surface  
Soon, ready to explode  
If we're gonna beat the beast  
We're gonna need a bigger boat

Stay out of the ocean  
Learn to fear the sea  
Be content to rule the land  
It's quite alright with me

Stay out of the ocean  
Learn to fear the sea  
Be content to rule the land  
It's quite alright with me
