Sooner Kill 'Em First

Dropkick Murphys

From a Nashua Street cell, I walked 'round front to the Garden
Snuck in to see 33 the last time I saw him
I met a gal at McGann's who knew me way back when
She asked me, "How you doing?" (And she asked him where he'd been)
She said, "We thought we'd never see you back, thought you'd never ha
ve the nerve
To show your face around these parts" (You're gonna get what you dese
rve)
In that cold and lonely cell, in that dark and dingy hole
I took a look deep down inside my evil, rotten soul
(One, two, three, four)

If someone did to me (If someone did to me)
If someone did to me (If someone did to me)
If someone did to me what I let me do to me
I'd sooner, I'd sooner kill 'em first

Then one day, a fella came, he said, "I'm here to spread the world"
I said, "The word of what?" (How 'bout you shut that big ol' mouth of
 yours?)
He was in the business of saving helpless, hopeless, broken souls
Help was sent from high above, you're the vehicle he chose
See, this guy was a gentleman, his knowledge oh-so vast
(He don't stay where he's not welcome, he don't go where he's not ask
ed)
He don't beg for mercy, don't say no, he don't refuse
He comes to help the hopeless and I think it's time you choose
He don't beg for mercy, don't say no, he don't refuse
And there's one more thing that he don't do
Yeah, he don't lose (One, two, three four)

If someone did to me (If someone did to me)
If someone did to me (If someone did to me)
If someone did to me what I let me do to me
I'd sooner, I'd sooner kill 'em first
