

# The Outcast

Dropkick Murphys

If they can make a law  
Then I can break a law  
If I can break a law

Will the law break me?  
It comes tumbling down again  
I can't comprehend  
Is it destiny?

Are you a refugee?  
A nomadic state  
No place to call your home  
Forever walk alone  
As the world goes on  
Forgotten by the ones you know

And all the words you gave me  
I lost on bended knee

But you can't stop these cravings just by praying they would cease

If I can make a life  
Then I can take a life  
If I can save a life  
Will this life save me?  
Time after time  
I still seem to find  
You're looking out for me  
So wrap your arms around me  
Hold me close and don't let go  
Let me lean on you as I think things through

If I don't we'll never know

Will your faith save me?  
Will I find this place where I belong? (Find this place where I belong)

Can you protect me from my troubles?  
Keep me safe from harm?

Will you help me carry on?!

Then they can break a law  
If they can make a law  
If I can break a law

Will the law break me?  
It comes tumbling down again  
I can't comprehend  
Is it destiny?

A nomadic state  
Are you a refugee?  
No place to call your home

Forever walk alone  
As the world goes on

Forgotten by the ones you know
