

## When I Was A Little Boy

Dropkick Murphys

When you are a little boy, first you'll have to grow  
Then you'll have to guess, and then you'll have to know  
First you'll play marbles and next you'll play ball  
But you'll have to study fightin', study fightin' most of all

When I was a little boy, first I had to see  
Then I had to feel, and then I had to steal  
You learn you have to eat, and you'll have to learn to work  
But you'll have to study fightin', study fightin' most of all

When you are a little boy, you'll have to get much bigger  
You'll have to get much wider, you'll have to get much stronger  
You'll have to throw some rocks, and you'll have to learn to run  
But you'll have to study fightin', study fightin' most of all  
You'll have to study fightin', study fightin' most of all
