## Dropout Kings

Woah, wait, it doesn't suit me to slack  
I'm going bigger than Shaq  
No Reggie Miller, I'm Mac  
Woah, way, I don't defend I attack  
I'll make 'em pay like a tax  
I'll put his head on a plaque  
Hakai, hakai, hakai  
You can never say a nigga took mine  
Million dollars what a nigga looks like  
Feeling like Beerus on a good night  
Hakai  
Hakai  
Destroy everything one time  
Destroy everything two times  
I don't give a fuck

I only came for the stacks  
Get my dick sucked from the back  
Why put a rapper on tax  
When I can just put her on wax?  
Shorty be makin it clap  
Bands that make her dance  
I have a show in the back  
I drop a doll like an axe  
I broke her heart, made her cry  
She thought I was bashful and shy  
'Til I put my dick in her side  
'Til I put my fist in her thigh  
Saw ex and I'm never gone lie  
Put it in switches to show her the light  
I told that little bitch goodbye  
I told her pussy hakai

Woah, wait, it doesn't suit me to slack  
I'm going bigger than Shaq  
No Reggie Miller, I'm Mac  
Woah, way, I don't defend I attack  
I'll make 'em pay like a tax  
I'll put his head on a plaque  
Hakai, hakai, hakai  
You can never say a nigga took mine  
Million dollars what a nigga looks like  
Feeling like Beerus on a good night  
Hakai  
Hakai  
Destroy everything one time  
Destroy everything two times  
I don't give a fuck

Hakai, hakai  
Wish I could show you what a good guy  
Looked like, looked like  
No tagged photos only see you on a good night, good night, good night  
Crowd got me feelin' like kakashi sempai, sempai, sempai  
Why won't you notice me, why won't you notice me  
Fuck up the flow on the beat  
I got the word on the street

Not practicing what y'all preach  
This dropout ain't got a degree  
I know y'all fuckin' with me  
I know y'all fuckin with me

Woah, wait, it doesn't suit me to slack  
I'm going bigger than Shaq  
No Reggie Miller, I'm Mac  
Woah, way, I don't defend I attack  
I'll make 'em pay like a tax  
I'll put his head on a plaque  
Hakai, hakai, hakai  
You can never say a nigga took mine  
Million dollars what a nigga looks like  
Feeling like Beerus on a good night  
Hakai

Destroy everything one time  
Destroy everything two times
