

## Pull Up

## Dropout Kings

Black wings out of camelot  
In the night sky look like Camazots  
Blowin up like dynamite I don't need a pocket full of tater tots  
Swag clean like china white and the new tech came from cybertron  
Nah baby girl I'm not your man it don't even matter which side I'm on  
Hit the mall and we buy it all  
Yea she like the love but she hate the fall  
My ex hit my line I ignore the call  
Cause I'm just on her mind like a Tylenol

Tidal waves is what I'm ridin on  
That sundress she just slide it on  
They want smoke but my lighter long  
So I know they watchin me like Viacom

Like who's that kid with the slippery drip when he walk right past all them  
hoes might slip  
Who's that man always makin dem bands he don't give no damns when they all t  
alk shit  
Who's that girl who is leaving his whip with long black braids and ice cold  
wits  
If em had a genie man make her his wish  
I don't have that problem cause that's my bitch

I got a man, and he got a man, and he got a man with a stick  
She got a friend, and she got a friend  
I'm finna to give her the dick  
I fuck a bitch in Waikiki  
She got the cheeks Rikishi  
Pussy so wet need a squeegee  
Had to hit it twice now I'm goin' for a three peat  
Pull up, big watch, big cups, big knots, big moves, big talks, can't lose, w  
on't stop  
Pull up, big watch, big cups, big knots, big moves, big talks, can't lose, w  
on't stop

I pull up 6 deep 5 bitches  
They chillin' in the cyber truck  
We roll so deep we just might have to get us a cyber bus  
Custom made from Elon Musk I had to get my money up  
Never sold my soul that liquid gold inside my double cup

Aye them boys are dangerous  
They ain't nothin' to play with  
Fuck around get ya brain split  
My face on most wanted pages  
Boy why you even wanna step to me  
Your eyes and teeth inside the recipe  
I think ya owe me an apology (why)

Cause I got a man, and he got a man, and he got a man with a stick  
She got a friend, and she got a friend  
I'm finna to give her the dick  
I fuck a bitch in Waikiki  
She got the cheeks Rikishi  
Pussy so wet need a squeegee  
Had to hit it twice now I'm goin' for a three peat

Pull up, big watch, big cups, big knots, big moves, big talks, can't lose, w
