

Get on top and take over control  
Bitch just come to me, he'll never know  
I'll be there in a minute, so please don't hit my phone  
I'm just tryna help you take it slow

Get on top and take over control  
Bitch just come to me, he'll never know  
I'll be there in a minute, so please don't hit my phone  
I'm just tryna help you take it-take it-take it

Slow, I'll be there in a minute  
Every ounce of innocence I lost to be lieutenant  
Of the energy I'm spendin'  
Fightin' off desire for these bitches just like witches often sendin' wicked  
images

(Could you) be, oh so sweet, oh so bad  
Downright villainous  
Grab the apple off the tree of knowledge started peelin' it  
Keep her true intentions and her feelings un-revealed in this  
Spider web affliction stickin' tight like my addictions  
Or constriction but she venomous  
Evil like insidious  
Claws in my back show the tax of these privileges  
She took another shot, rolled a blunt, and popped a pill, and told me, baby  
you should know, I'm just tryna take it slow

Get on top and take over control  
Bitch, just come to me  
He'll never know  
I'll be there in a minute, so please don't hit my phone  
I'm just tryna help you take it slow

Let me hit it from the back  
Back it up now  
I need it right now  
It's 'bout to go down

I'll be there in a minute  
So please don't hit my phone  
I'm just tryna help you take it slow

Bouta hit 'em with da heat  
Mothafucka gotta eat  
Where da bread  
Where da beef  
DOK never hit no peaks  
Mama never loved us  
Daddy never hugged us  
Skinny as fuck  
Mentally fucked up

I don't do too much, I don't show off like I could  
You might see too much, you might get more than I would  
Can't accept myself, can't accept love like I should  
But I don't need no help  
I don't need no help I'm good

Get on top and take over control  
Bitch, just come to me  
He'll never know  
I'll be there in a minute, so please don't hit my phone  
I'm just tryna help you take it slow

Let me hit it from the back  
Back it up now  
I need it right now  
It's 'bout to go down

Tell you step up like you need your rep up  
Get you set up then she get you wet up  
They say life is a bitch, she's a test bruh  
They say life goes by fast, so I guess that death is slow
