

Another Go

Drowners

They crawl out the woodwork
When they heard that you were gone
And for a minute there I let them take the edge off
You've learned this is happening
Right in the back of my head
While I wonder who you've got sleeping there on my side of the bed

Don't you wanna give it another go
Well you know I do
But I suspect you don't
Don't you wanna give it another go
Well you know I do
But I suspect you don't

In dark times I'm thinking
When you swung through the door
Are you the lightning bolt that stole my thunder
The things I once whispered
And the guts I used to get
In my head you're having a laugh right then with whoever it is
you're with

Don't you wanna give it another go
Well you know I do
But I suspect you don't
Don't you wanna give it another go
Well you know I do
But I suspect you don't

Would you consider letting me twist your arm
All the breeze loves to tease me cause I kept the door ajar
And I think it's you
But it's never you

Don't you wanna give it another go
Well you know I do
But I suspect you don't
Don't you wanna give it another go
Well you know I do
But I suspect you don't
