## Drowning Pool

I didn't need to read the news today  
Oh no no  
Our time is coming, our time is coming  
Our time is coming oh by the way

I know you couldn't care less  
Say your prayers with the surest breath  
I know you couldn't care less  
You ruin my life, now ruin my death

Here I am, a waste of space  
Look at me  
Apathetic, apathetic  
Here I am, a waste of space  
Look at me  
Apathetic!

I know Jesus is looking for me  
But he don't know where to go  
The things I've done, what I've become  
I camouflaged my soul

I know you couldn't care less  
Say your prayers with the surest breath  
I know you couldn't care less  
You ruin my life, now ruin my death

Here I am, a waste of space  
Look at me  
Apathetic, apathetic  
Here I am, a waste of space  
Look at me  
Apathetic!

I don't care or I just don't know  
Hallelujah  
The truth is on fire let the motherfucker burn  
Hallelujah  
C'mon

I don't care or I just don't know  
Hallelujah  
The truth is on fire let the motherfucker burn  
Hallelujah  
C'mon

Look at me, look at me, look at me  
Apathetic!

I know you couldn't care less  
Say your prayers with the surest breath  
I know you couldn't care less  
You ruin my life, now ruin my death

Here I am, a waste of space  
Look at me  
Apathetic, apathetic

Here I am, a waste of space  
Look at me  
Apathetic!

Look at me, look at me, look at me  
Apathetic, apathetic  
Look at me, look at me, look at me  
Apathetic!
