

In Memory Of...

Drowning Pool

Another day has gone to past
As I sit alone holding on to your laugh
What can I do
What I wouldn't give for a word from you
What I wouldn't give for a day with you
The time would fly I'm stealer all away

In memory of the ones we've lost
Life's not the same without you
In memory of the ones we've lost
No you'll never be forgotten

What a price to pay another day
Forgetting such a lie
I can runaway, I fall for pain, I lied, I lied, I lied

But what I wouldn't give for a word from you
What I wouldn't give for a day with you
The time would fly I'm stealer all away

In memory of the ones we've lost
Life's not the same without you
In memory of the ones we've lost
No you'll never be forgotten
I'll keep you, won't forget you
Forever right here next to my heart
In memory of the ones we've lost

Line...
Line...
Line...
Line...

The time would fly I'm stealer all away

In memory of the ones we've lost
Life's not the same without you
In memory of what the ones we've lost
No you'll never be forgotten
I'll keep you, won't forget you
Forever right here next to my heart
In memory of the ones we've lost
No you'll never be forgotten
