

## Rope

## Drowning Pool

We have the strength of pride  
For those days remembered  
But you take a look outside  
Our days are numbered

It's all in your face  
This hate and disgrace  
What a crying shame  
We all know the name

Screws turn, bridges burn  
While talking heads take up my screen  
Palms greased for the feast  
The mouth gapes on this machine

A quick drop and a sudden stop  
I hope, I hope, I hope  
A quick drop and a sudden stop  
Leave me enough rope

11:58  
Come around, come around on us again  
The hour's growing late  
And I can't escape my skin

If the wall's too high  
And snake's inside  
If the wolves all die  
Who will feed the lie

Screws turn, bridges burn  
While talking heads take up my screen  
Palms greased for the feast  
The mouth gapes on this machine

A quick drop and a sudden stop  
I hope, I hope, I hope  
A quick drop and a sudden stop  
Leave me enough rope

A quick drop and a sudden stop  
I hope, I hope, I hope  
A quick drop and a sudden stop  
Leave me enough rope

Screws turn, bridges burn  
While talking heads take up my screen  
Palms greased for the feast  
The mouth gapes on this machine

A quick drop and a sudden stop  
I hope, I hope, I hope  
A quick drop and a sudden stop  
Leave me enough rope

A quick drop and a sudden stop  
I hope, I hope, I hope

A quick drop and a sudden stop

Leave me enough rope

Leave me enough
