

Stomping Ground

Drowning Pool

So so quick to point that finger
At everyone else but yourself
Take a good long look in the mirror
Shove that motherfucker straight up your ass

You so sick of it? Get over it
You're not the only one who's so
So sick of it? Get over it
You place the blame, you place the blame
But you never take it

Take it down (down)
Take it down (down)
Like a stone until you drown
Take it down (down)
Take it down
Make your soul a stomping ground

Goddamn all your words you're preaching
What a waste, a waste of breath
Goddamn all your lies you're teaching
Save your mouth for someone else

You so sick of it? Get over it
You're not the only one who's so
So sick of it? Get over it
You place the blame, you place the blame
Come on and take it

Take it down (down)
Take it down (down)
Like a stone until you drown
Take it down (down)
Take it down
Make your soul a stomping ground
Take it down (down)
Take it down (down)
Like a stone until you drown
Take it down (down)
Take it down
Make your soul a stomping ground

Take it down, take it down
Take it down to the ground

You so sick of it? Get over it
You're not the only one who's so
So sick of it? Get over it
You place the blame, you place the blame
Take it, take it, take it!

Take it down (down)
Take it down (down)
Like a stone until you drown
Take it down (down)
Take it down
Make your soul a stomping ground

Take it down (down)
Take it down (down)
Like a stone until you drown
Take it down (down)
Take it down
Make your soul a stomping ground

Take it
You take it down (you take it down)
Down, yeah
Make your soul a stomping ground
