

Strike A Nerve

Drowning Pool

Can you hear a silent fate?
Can you hear whispered hate?
Can you hear a chainsaw tone?
With a pain in my throat
I'll die alone (I'll die alone, I'll die alone)

I strike a nerve
If I breathe a word
I can't go forward 'cuz I can't be heard
I strike a nerve
If I breathe a word
I can't go back
'Cuz my bridges are burned

Can you hear an empty stage?
Can you hear tomorrow rage?
Can you hear a switchblade moan?
With a pain in my throat
I'll die alone (I'll die alone, I'll die alone, I'll die alone)

I strike a nerve
If I breathe a word
I can't go forward 'cuz I can't be heard
I strike a nerve
If I breathe a word
I can't go back
'Cuz my bridges are burned

I strike a nerve
I strike a nerve
I strike a nerve

Silence is gold
To all the wolves
In the rabbit hole
Feed my soul
To all the wolves

I strike a nerve
If I breathe a word
I can't go forward 'cuz I can't be heard
I strike a nerve
If I breathe a word
I can't go forward 'cuz I can't be heard
I strike a nerve
If I breathe a word
I can't go back
'Cuz my bridges are burned

I strike a nerve
If I breathe a word
I can't go forward 'cuz I can't be heard
I strike a nerve
If I breathe a word
I can't go back
'Cuz my bridges are burned

I strike a nerve
I strike a nerve
