It's bumpin', it's thumpin'  
I got a lil' somethin' somethin'  
I know that, you want it  
So when we gonna pop up on it  
Go DJ, got the bass up  
So now we gonna tear the whole place up  
And wake up the neighbors  
And shake ya mamma like a earthquake  
You want it, I got it (Eh)  
So tell me what's it gonna be (Gon' be)  
'Cause it's on and it's poppin'  
So you can leave it up to me

To shut it down, down (Eh)  
Bring it up take it to the ground (Said)  
Said look around, guess who's back it town  
To shut it down, down  
This about to be shut down (Said this about it be)
