

I Regret

Dry Cell

I have never noticed before now
Just the same as them
I won't bother asking why or how oh no
[Cause you'll need to suffer]

So much time ticks away every minute
When you're fake
We can break
Waste away
Live a pure, insecure intuition
Always stay for your sake

So I run, I hope you understand
I've learned from my mistakes
I've learned from my regrets
I regret

Opening my eyes
I feel it drowning through the surf again
Redefining what I'm all about after you
[Live with so much nothing]

So much time ticks away every minute
When you're fake
We can break
Waste away
Live a pure, insecure intuition
Always stay for your sake

So I run
I hope you understand
I've learned from my mistakes
I've learned from my regrets
I regret

But I
[You don't know what it's like mother fucker]
And I
[You don't know what it's like to be like me]

So I run
I hope you understand
I've learned from my mistakes
I've learned from my regrets
I regret

So I run
I used to understand
The promises we make
We easily forget
I regret
But I
[You don't know what it's like mother fucker]
And I
[You don't know what it's like to be like me]
