

My friends are calling, since the morning  
They've been blowin' my phone  
I've been busy gettin' busy for I don't know how long  
They think I'm missin', but the only thing missin' is my clothes, my clothes

Ooh, body on a body  
It's Heaven in between the sheets  
Touchin' you and you're touchin' me  
And you make me say "Ooh", we don't care about it  
We don't care what time it is  
Gon' never quit, it's unlimited, ooh  
Let's get it now (Ow!)

No sleep, baby, 25/8 (Yeah)  
Lights off, all night, all day (Uh-huh)  
No clocks 'cause I like it that way  
To hell with 24, just give me more

25/8, 25/8 (Yeah)  
Lights off, all night, all day (Uh-huh)  
No clocks 'cause I like it that way  
To hell with 24, just give me more

25/8, 25/8  
25/8, 25/8  
25/8, 25/8  
25/8, 25/8

Calling insomnia, but this is just the thing that I like  
'Cause when you're on me, I get hungry, got a big appetite  
Wanna feel the rush, runnin' through my blood  
Baby, don't open the blinds, all night

Ooh, body on a body  
It's Heaven in between the sheets  
Touchin' you and you're touchin' me  
And you make me say "Ooh", we don't care about it  
We don't care what time it is

I gon' need all the extra hours  
You and me all up in this room  
You gon' need all the extra powers  
Zoom, zoom, zoom, zoom, zoom

We gon' need all the extra hours

To do the things I want to do  
We gon' need all the extra powers  
Zoom, zoom, zoom, zoom, zoom (Zoom, zoom)

Ooh, body on a body  
It's Heaven in between the sheets
