

# All Or Nothing

Dua Lipa

While I'm laying on your chest  
I can feel the emptiness  
Like the sound of hope and dreams  
All those tattoos on your skin  
This commitment joining  
Tell me, are we meant to be?

Oh, we used to burn bright  
But now I'm turning the lights off  
(Lights go down today)  
You said you'd be mine  
But I've been waiting a lifetime  
(And I can't stand the pain)

Don't you beg me for forgiveness, oh no  
Don't mistake my love for weakness  
If you think I'd run around and 'round chasing you  
Leave me hanging here like a fool, no  
You can have it all, all  
'Cause it's all or nothing, all or nothing

(Ooh, ooh)  
All or nothing  
(Ooh, ooh)  
All or nothing

Loving you was like a pill  
I stayed 'cause I liked the thrill  
But now we're just wasting time (time, time)  
I've been waiting weeks all night  
You know that we're more than friends  
We've been livin' in denial

Oh, we used to burn bright  
But now I'm turning the lights off  
(Lights go down today)  
You said you'd be mine  
But I've been waiting a lifetime  
(And I can't stand the pain)

Don't you beg me for forgiveness, oh no  
Don't mistake my love for weakness  
If you think I'd run around and 'round chasing you  
Leave me hanging here like a fool, no  
You can have it all, all  
'Cause it's all or nothing, all or nothing

(Ooh, ooh)  
All or nothing  
(Ooh, ooh)  
All or nothing

Don't you beg me for forgiveness  
Don't mistake my love for weakness

Don't you beg me for forgiveness, oh no  
Don't mistake my love for weakness

If you think I'd run around and 'round chasing you  
Leave me hanging here like a fool, no  
You can have it all, all  
'Cause it's all or nothing, all or nothing

(Ooh, ooh)  
All or nothing  
(Ooh, ooh)  
All or nothing
