

# Electricity

Dua Lipa

Falling into you, baby  
Even electricity can't compare to what I feel when I'm with you  
Ooh, baby  
Giving up my ghost for you  
And now I'm see through

You give me a feeling, feeling so strong  
I know you've been treating, treating yourself wrong  
So let me care for you  
Ooh, baby  
I'ma love you differently  
I'll give you electricity  
Give it to you

And even if I could  
I wouldn't turn on you  
And I would stop the world for you  
You know I wanna let you know, I'll never let this feeling go  
This love has no ceiling, I cannot deny  
(Even if I could  
I wouldn't turn on you  
And I would stop the world for you and I  
I wanna let you know, I'll never let this feeling go  
This love has no ceiling, I cannot deny)

All I see is you, lately  
Wide awake in and in my dreams  
I see your face so vividly  
I don't know what I do  
Ooh, baby  
If you only saw a friend in me  
I'd be bittersweet

You give me a feeling, feeling so strong  
I know you've been treating, treating yourself wrong  
So let me care for you  
Ooh, baby  
I'ma love you differently  
I'll give you electricity  
Give it to you

And even if I could  
I wouldn't turn on you  
And I would stop the world for you  
You know I wanna let you know, I'll never let this feeling go  
This love has no ceiling, I cannot deny  
(Even if I could  
I wouldn't turn on you  
And I would stop the world for you and I  
I wanna let you know, I'll never let this feeling go  
This love has no ceiling, I cannot deny)

I feel electric, baby  
So electric, baby  
Wanna let you know, let you know, ooh  
I think I'm ready, baby  
I think I'm ready, now

Electricity, I'm falling in to you  
I feel electric, baby (I want it, I need it)  
So electric, baby (this current between us)  
Wanna let you know, let you know (this flow, this feeling)  
I think I'm ready, baby (I want it, I need it)  
I think I'm ready, now (this current between us)  
Electricity, I'm falling in to you (this flow, this feeling)

And even if I could  
I wouldn't turn on you  
And I would stop the world for you  
You know I wanna let you know, I'll never let this feeling go  
This love has no ceiling, I cannot deny  
(Even if I could  
I wouldn't turn on you  
And I would stop the world for you and I  
I wanna let you know, I'll never let this feeling go  
This love has no ceiling, I cannot deny)

I feel electric, baby  
So electric, baby  
Wanna let you know, let you know (I want it, I need it)  
I think I'm ready, baby (this current between us)  
I think I'm ready, now (this flow, this feeling)  
Electricity (woo-hoo!)  
I feel electric, baby  
So electric, baby  
Wanna let you know, let you know  
I think I'm ready, baby  
I think I'm ready, now  
Electricity
