

# Save Someone

Dua Lipa

If you were standing on a corner with no money in your pants  
And life fell apart  
I'd hold out on my hand to you  
The best and the worse things in life come free  
But you can think of me as your best guarantee  
It's true, I'm here for you  
And if you just breathed your last breath  
I'd give you my air 'til I had nothing left  
I'd never let you go  
If you were on the edge of a bridge  
I'd push you to live  
I'm your parachute, don't you ever forget  
And if you get the chance to return the gift

Promise me you'll save someone  
If you can, if you can  
Save someone  
Understand, understand  
Some have been chosen to wake up the broken  
So promise you won't turn away  
Oh, save someone

Like a child underneath the light, afraid of monsters in the night  
I'll hold you 'til the dawn, 'til they're gone  
No fight for you  
I will fight for you  
When you're drowning in your tears and no one answers your prayers  
I'll be the boat to keep you afloat, my dear  
And if you get the chance to return the gift

Promise me you'll save someone  
If you can, if you can  
Save someone  
Understand, understand  
Some have been chosen to wake up the broken  
So promise you won't turn away  
Oh, save someone

(Ooh)  
When you're alone in the darkest nights, I'm there for you  
When you feel like you're about to cry, I'm there for you  
I know you got so much strength inside  
If I ask you, would you save me tonight?

Promise me you'll save someone  
If you can, if you can  
Save someone  
Understand, understand  
Some have been chosen to wake up the broken  
So promise you won't turn away  
Oh, save someone
