

I've been bleeding out the cheek  
Dripping on my seat  
Wincing cause my muscles been defeated  
I've been losing liters  
Kitty left her gripper marks on me  
Smelled a whiff of weed  
Hungry as the niggas in the D  
They be ready wheelin'  
Posture of a pastor with his sheep  
Planting hella seeds  
No nomadic shepherd heard of me  
Flowers hella sweet  
County left me wading through them weeds  
Growing underneath  
Swinging off a tree  
Funny group of three  
Wiser than a raptor with no teeth

Ain't it funny how it be?  
Funny how it be  
Can't you feel the beat?  
Bumping into me  
Baby, don't you leave  
Rocking with your feet, claws  
Lips locked tick-tock tea  
Where'd you leave them hair rolls?  
Tint pose, ten toe treat

Rocking them stilettos  
They be walking in stilettos  
Scrapping in the metal  
Blazing through the ghetto  
Rocking them stilettos  
Rocking them stilettos  
Blazing through the ghetto  
Rocking them stilettos

Feline laughing lightly in the sun  
Nails undone  
Weigh a ton  
Hold a gun  
Watch her run  
Watch her run

Run a dungeon  
Sunken I might scream while lunging  
Lungs thin, green limbs  
Tearing up this new skin
