

I've got my eyes open wide to the ceiling  
I'm lying on my back in the centre of a room  
I've got a voice giving me a funny feeling  
Its telling me the world's going to end real soon  
I've got to get a job otherwise I'm unappealing  
Do my little dance for the man and consume  
So i let my energy build for the healing  
So i can reign down with my super sonic boom  
I'm held down by a fog on my way to the top  
All clouded and the pressure won't rise  
I'm on a mission to the sky with the stars in my eyes  
Yet the weather won't compromise  
Like a ball on a chain that is strapped to my brain  
I'm a prisoner inside of my dreams  
So i will appreciate the future of a day  
Where the clouds open up and scream  
And i sing now

I aint gonna spend my time wandering why i never made it  
I've already made it  
I aint gonna spend my days thinking about why i never made it

Like the pages of a novel at the bottom of a shelf  
I grow stiff yet i keep my pride  
Like the one raindrop in the centre of a rose  
I'm in heaven with a world outside  
Like another metaphor to describe my vibe  
I'm just a vessel for my conscious needs  
So i will appreciate the future of a day  
Where the clouds open up and scream  
And i sing now

I aint gonna spend my time...

Its times like this i need to lose my inhibitions  
Raise my fist and forget about decisions  
Help assist in the party that im giving  
Take on the vibe and soon you will be singing  
That its times like this ya need to lose your inhibitions  
Just raise your fist and forget about decisions  
I'll help assist in that party that we're giving  
Take on the vibe and soon ya will be singing  
I aint gonna spend my time wandering why, i never made it  
I've already made it.
