

Rude Boy

Dub Fx

i can see in your eyes that your living the lies
you divided your mind from the things that make you
real
your Aonnection is gone from the world that is shown
you divided your mind from the things that make you
real
now you think you are awake to the world that's on
display
but you're blinded by the hole that you've dug yourself
into
now you think you have alive and that you see reality
but the truth be on your mind, on your insecurities

oh-oh ya take it too rude boy
oh-oh i'll take ya back to your school boy
oh-oh your priorities are to bitch and tease
you're socially bleak now

oh-oh ya take it too rude girl
oh-oh i'll take ya back to your school girl
oh-oh your priorities are to bitch and tease
you're socially bleak now

i can see in my eyes that i'm living the lies
i've divided my mind from the things that make me real
my Aonnection is gone from the world that is shown
i've divided my mind to the things that make me real
now i think i am awake to the world that's on display
but i'm blinded by the hole that i've dug myself into
now i think i am alive and that i see reality
but the truth behind my mind, are my insecurities

Taking on negative vibes
Ya put it aside
Keeping it in your mind
with the rude boy pride
Ya feel alive
Ya need some TLC
Frustration you be
Your giving it to the world
But you can not affect me
