

Searching

Dub Fx

I
I keep (yeah)
I
I keep
I keep searching
I
I keep searching for that sunshine (c'mon)
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine

Ayo, di-bi-di-bi-do you know that we got the flow
So bow down to the sound
Spinning around as we get down
Cause I'm a lover of pounding down vibe
It's alright, hold tight
No reason to fight
Cause I'm like a Jupiter kite
I just might take flight
Shaking it making it your vibe
Hey yo it's alright you in the tribe
We don't deny that it's all alive
Get deep inside with a rhythm of bliss
You're feeling the kiss
Now put your hands up if your feeling this

I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine

I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine

I keep searching for that sunshine, sunshine
I keep searching for that sunshine, sunshine
