

Soothe Your Pain

Dub Fx

So you got me loving you girl

So many miles to see your face
I've got a feeling I can't change
And I don't want to sound cliché
But my heart aches
Now I'm living inside your dreams
So if you find it hard to sleep
And if you're feeling lonely
Just call me
You know my voice can sooth your pain

Inside my pillow I see your face
A recent memory I can't erase
And I don't want to sound passé
But I need your taste
And now you're living inside my dreams
Your silhouette is enough for
So if you're feeling the same way
Just call me
You know my voice can sooth your pain

I just need a touch
Of your eyes that I miss so much
Your smile is all I need to survive
This loneliness inside
And don't you worry about a thing now
Temptation might be all around me
But it's not the same
So if you're lonely
You know my voice can sooth your pain.
