

# Cross the Line

Dubioza Kolektiv

Bloody, bloody border  
Bloody, bloody border

I will jump over fence  
And climb up any wall  
Movement of the people  
You cannot control

I will walk over desert  
And swim across the sea  
Like a sand through your fingers  
I will slip and be free

I walk over mountains  
It's colder and colder  
There's no way back  
I'll try over and over

Nothing can stop me  
No wire, no border  
I will not obey  
I don't listen no order

[Chorus x2]  
Bloody, bloody border  
Sanguinary times  
Bloody, bloody border  
Sanguinary times  
Freedom to cross  
Freedom to pass  
Freedom's no crime  
So here we cross the line

Here we cross the line!

I will jump over fence  
And climb up any wall  
Movement of the people  
You cannot control

I will walk over desert  
And swim across the sea  
Like a sand through your fingers  
I will slip and be free

Above my head  
I hear buzzing of drones  
While border patrol  
Is crushing my bones

Is it so wrong to be born  
In a danger zone  
I'm just looking for a place  
I can call my home

(We never crossed the border, the border crossed us...)

Bloody, bloody border...

[Chorus x2]

Bloody, bloody border

Sanguinary times

Bloody, bloody border

Sanguinary times

Freedom to cross

Freedom to pass

Freedom's no crime

So here we cross the line

Here we cross the line!
