Dubioza Kolektiv

Minimal  
Minimal

Beat and voice, in your face  
That's the style we can embrace  
Kick, snare, hi-hat and bass  
All the rest you can erase  
This track has a simple trick  
It's very minimalistic  
When you play it never stops  
Magic words are: LET IT DROP!

Dubioza takes control all over the place  
This beat will lift you up straight into the space  
Our style is not expensive but it'll never be cheap  
You'll get maximal pleasure from our Balkan beat

It will never be trendy, not really radio friendly  
But when you hear it you will play it on repeat  
We have minimal lyrics for this minimal song  
It's so easy to remember, let's sing along

Less is always more  
No fancy metaphor  
There is very simple trick  
Minimalistic is fantastic

[x2]  
Mini, mini, minimali, mali  
Minimalistic is fantastic  
Mini, mini, minimali, mali  
Minimalistic for a big, big hit

DROP IT!

Fini les drum à tout va  
Fini les batuccada  
Fini les fanfares truba  
Cuivres finis les tubes à tuba  
Bye bye les mixes à multi-pistes  
Fini l'accord de profundis  
Fini le slap bass  
Fais péter l'cash les subs et les strass  
Fini les babs à la gratte  
Qui draguent les rates  
Sur les plages et dans les squats  
Fini les solo larsen  
Qui crachent sur la scène  
Pour renverser l'arène  
Bye Bye les big band  
Bobines à bandes  
L'harmonie débande  
Les boites et les sets  
Le grand orchestre  
Le jazz quartet  
Et les castagnettes

[x2]

Minimalistic is fantastic

Mini, mini, minimali, mali

Minimalistic for a big, big hit

DROP IT!
