

Space Song

Dubioza Kolektiv

(Ayoooh!) I'm gonna leave this place
(Ayoooh!) I'm going outer space
(Ayoooh!) I'll be a refugee
(Ayoooh!) In different galaxy

[x7]

Put it like that
Put it, put it like that

Shit is so fat when you put it like that

If you put it like that it ain't so funny
Everybody here just running for the money
And on the streets: beggars, junkies
We didn't learn a thing since we were monkeys
Never-ending wars, screaming and fighting
Thousands of the people disappeared, still counting
Fake news? No, no, don't believe them
Just wanna run away to freedom

[x3]

(Ayoooh!) I'm gonna leave this place
(Ayoooh!) I'm going outer space
(Ayoooh!) I'll be a refugee
(Ayoooh!) In different galaxy

When you put it like that it ain't so funny
Every day I feel like a crash-test dummy
Time is running, I try to cope
Starting to wonder: is there any hope?
All around the world ignorance is striking
Doomsday clock three minutes and counting
Fake news? No, no, no, we don't need them
Just wanna run away to freedom

[x2]

(Ayoooh!) I'm gonna leave this place
(Ayoooh!) I'm going outer space
(Ayoooh!) I'll be a refugee
(Ayoooh!) In different galaxy
