

The Right Moments

Dubioza Kolektiv

Gotta find it
The right way
The right moment
Gotta find it
There's somethig I've reached
Can sense my dreams
Gotta find it
The right way

So feel it man the rage
Is takin' our way yo'
The spirit man will run
And the legend will stay yo
Fight the man that takes
You don't wanna lose your faith
Take the sound
And rock on the base
I wanna take away
The dub on the mixa'
Everytime I walk away
I know I'll getta' hitsa'
Coz' for the rage is not
The right moment now
