

## Just A Girl She Said

Dubstar

It's alright, I'm just a girl she said  
talk down to me & take me to bed  
I don't think  
I don't feel & I don't really matter at all  
kiss me in darkness  
turn out the light  
pretend you're with someone else tonight  
you don't think  
you don't feel & I don't really understand why...

I'm a person who speaks  
I'm a person who thinks  
but you hope I'll forget  
as you ply me with drinks  
& you cannot buy me  
& you cannot use me...  
but I know that you'll want to try

It's alright, I'm just a girl she said  
you can't buy me & take me to bed  
because I think  
because I feel & you don't matter at all

just a girl she said  
just a girl she said...
