

You and I  
Northern lights  
You were wrong  
I saw the polestar  
And knew that  
England  
I thought you were right  
Walking me home in that icy cold night  
You and I  
Northern lights  
You were wrong  
I saw the polestar  
And knew that  
England  
I thought you were right  
Walking me home in that icy cold night  
England  
I thought you were right  
Hiding from smog in the Newcastle light  
I was wrong  
I was wrong
