

11:30

Duckwrth

I would  
I would  
I would  
Say

I would like to take you on a journey  
A journey through my thoughts at 9:30  
I'm on that Sauvignon and I feel horny  
Yeah yeah  
Why don't me and you just meet at 11:30?  
11:30. Cool

I packed my bags and moved inside your temple  
I kissed you on your cheek when you got dimples  
And you make being perfect look so simple  
Baby  
The way I shoot my shot you thought I had a pistol  
(Fa fa fa)

And yes I'm up so late texting you  
With something we could do  
The way you disappeared from your crew  
Dipped so fast  
For a raunchy rendezvous

You sending me energy energy  
11:30 energy energy  
Gimme gimme energy energy  
11:30 energy energy  
You sending me

You give me a reason to get up in the morning  
All the reasons  
You give me something to hold on to  
Something to believe in

Now there are something's that  
That you wanna know  
Like you wonder if our signs are compatible  
Well this Taurus Taurus Scorpio  
Is dipping in you like a milk with Oreos  
And that's real sweet

Goddamn that's sweet

And yes I'm up so late texting you  
With something we could do  
The way you disappeared from your crew  
Dipped so fast  
For a raunchy rendezvous

You sending me energy energy  
11:30 energy energy  
Gimme gimme energy energy  
11:30 energy

You sending me energy energy

11:30 energy energy  
Gimme gimme energy energy  
11:30 energy  
You sending me
