You know it ain't real if a nigga  
Ain't caught it on camera  
Life is a beach  
So my baby just brought me some sandals  
Stress in a week  
Nothing new nothing I cannot handle  
Present me them cheeks  
And I grip it like bike with them handles  
Who do it better?  
Who get you wet, who get you wet  
Who get you wetter?  
Who bought you that new Prada bag  
That Pyer sweater?  
Who do it better? (4K, got it in 4K)  
Who do it better? (4K got)

Recorded the sex  
Had to play it back right on the Roku  
(I had to run it back)  
200 a plate every night  
Had us geekin' at Nobu  
(Geekin' at Nobu)  
Spent a whole week on the island  
And put it on camera (right on camera)  
For the drama  
You know that you're nigga like drama  
Huh  
We popped a cap and a stem  
Had us feeling like Goku  
(I had to power up, UP)  
I was so high like the moon, zooming out while I coach you  
(We going up n up, UP)  
Mix up the shrooms and the drink, had me slurring my grammar (slur it uuuupp  
p)  
Spent a whole week on the island  
And put it on, put it on, put it on!

I was on marathon (I had to run it up)  
I had to slow it down  
(I slowed it down)  
I took a snooze in a PJ (snoozin)

You said I was showing out (I showed out)  
We flexing hard for the stamina  
We made a film on the camera  
I shoot that shit like a campaign  
Italian vogue is a fan of us  
We hopped in a plane  
Then we hopped in a boat  
Then we hopped in the bed just to  
Do it some more  
You had on your coat, let it drop to the floor, now we [\*beep\*] like we never did it before  
You make it easy  
Come on and tease me  
Put it on TV  
Whoop it and repeat
