All Around The World

Duckwrth

All around the world
All around the world
All around the world (we tryna... hop a plane)
All around the world
All around the world (take a ride...)

All around the world I'm kickin' it
Me and the homies pull up with some women friends
Don't you dare play with my dividends
Don't you dare play with my Benjamins
I'm on a red-eye straight to Switzerland
Hop on the stage cut the check and I'm in the wings
Fashion week front row I be kicking it
Two piece Saint Laurent and some Timberlands
I pulled up to Paris just to pop champagne
Hundred K check for the new campaign
Two page spread help a nigga maintain
Mama even called said I'm doing my yang
Swing to Shibuya and spend some Yen
Hope on a plane and I'm back again
Put the wings in the sky and I'm in the wind
You tryna win, just tell me when

Paris, Japan, London, we can go
All around the world
Brazil, Cape Town, Brooklyn, we can go
All around the world
Milan, Thailand, Rome, we can go
All around the world
Make anywhere feel like home
When we go
All around the world

Tell me, is you showing up
Fuck a line hit my line when it's going up
Give me love yeah I need my phone blowing up
Tell the club to open up I ain't tryna sober up
Lower East Side where the homies tryna slide
I'mma big steppa but tonight I'm gon glide
Here for one night but that's really no surprise
All around the world tryna land between some thighs
All hands on deck throw hands for the set
You'll be frontin' with the check I'm really at your neck
Make a quarter mil that's a damn good meal
Might fly to Milan just to Valentino flex
Oh I can go to London cop the Vivienne West
I might fly west just to get a little rest
Who do it the best, who got the finesse
Middle finger to the press that's me

Paris, Japan, London, we can go
All around the world
Brazil, Cape Town, Brooklyn, we can go
All around the world
Milan, Thailand, Rome, we can go
All around the world
Make anywhere feel like home

When we go all around the world

All around
All around
All around
I'm tryna go to
All around
All around
All around
I'm tryna go to
All around
All around
All around
I'm tryna go to
All around
All around
All around
I'm tryna go to
