

Beg

Duckwrth

You can travel the world, all seven seas
Can't find the love as pure as we
But I gotta go, and you gotta leave
Won't you save some space for me
I beg you, please
Please, I beg you

Uh, okay
Heavy on my mind
I've been thinkin' 'bout the space and time
Between your body and mines
I cannot wait to see you (Wait to see)
But I can't seem to find
My PMA, my peace of mind
I always see the silver lining
But I cannot seem to chill

Tell me if you needin' me
Do you still believe in me?
FaceTimin' is not enough
You flyin' overseas for it
Thinkin' 'bout the time we kiss
Put my truth between your lips
You picked up the celly just to tell me

You can travel the world, all seven seas
Can't find the love as pure as we
But I gotta go, and you gotta leave
Won't you save some space for me
I beg you, please
Please, I beg you

Okay
Bussin' when I came through
I ain't even flex yet (Mhm)
I was with the codeine
Fuckin' up the section (Woah)
But you was in Paris
Champs-Élysées, suffer away
Sippin' java on the terrace
Mon ami, I mean

Tell me if you needin' me
Do you still believe in me?
FaceTimin' is not enough
I'm flyin' overseas for it
Thinkin' 'bout the time we kiss
Put my truth between your lips
You picked up the celly just to tell me

You can travel the world, all seven seas
Can't find the love as pure as we
But I gotta go, and you gotta leave
Won't you save some space for me
I beg you, please

I'm beggin', I'm beggin', I'm beggin'

I'm beggin', I'm beggin', I'm beggin'
I'm beggin', I'm beggin', I'm beggin' (This love is hard to find)
(No other space and time)
I'm beggin', I'm beggin', I'm beggin' (This love is yours and mine)
I'm beggin', I'm beggin', I'm beggin' (This love is hard to find)
(No other space and time)
I'm beggin', I'm beggin', I'm beggin' (This love is yours and mine)
