

Did U Notice?

Duckwrth

Got holes in my dreams
Deep holes in my pockets
No gas in my tank
No up in my rocket
You know I want to take you there
But none us got profit
Got holes in my dreams
I think I got problems

Did you notice
Did you notice
Did you notice
Did you notice me
Did you notice
Did you notice
Did you notice
Did you know

Got bricks on my feet
All bricks and no basket
No gold on my teeth
My chain is all plastic
You know I want to flex on ten
But I suck at gymnastic
Got bricks on my feet
But I'm feeling fantastic

Did you notice
Did you notice
Did you notice
Did you notice me
Did you notice
Did you notice
Did you notice
Did you notice me

Bitch, Shit

Did you notice

Don't care what you think
You must be mistaken
No ass in my jeans
I'm still gonna shake it
And it doesn't matter
I'm not made of plastic
I got what you need
I'm feeling fantastic

Did you notice
Did you notice
Did you notice
Did you notice me
Did you notice
Did you notice
Did you notice
Did you know

What's it gonna be
Did you ever notice me
Cause I'm here alone
Making best friends with my phone
So what's it gonna be
Did you ever notice me
I'm guessing one day we'll see
But until then

Did you notice
Did you notice
Did you notice
Did you notice me
Did you notice
Did you notice
Did you notice
Did you notice
Did you notice

Did you notice
Did you notice
Did you notice
Did you notice me
Did you notice
Did you notice
Did you notice
Did you notice
Did you notice me
