

Grey Scale

Duckwrth

You say I'm never intentional, yeah
I get offended, all systems go, yeah
I aim my rockets for a soft launch
Public display of affection, hoping we get caught a lot
Drive-in movies, probably fuckin' in the parking lot
Eat your nana, like it's 8 pm on Ramadan

Grey scale, grey scale, grey area
Gaslighting on the flames of a Sagittarius
I'm brave, drive my crazy
Have my baby, not a maybe
You're my only sugar lady
The things we say to get laid

Grey area, grey scale, grey scaaaaaaallllleeeee
Grey area, grey scale, grey scaaaaaaallllleeeee

I never like a situationship
But you don't take that shit
You ain't no basic bitch
I really got to get my pesos quick
A Cartier on wrist and a vacation trip

Bobby and Whitney, putting your mind in frenzy
Every time we meet, all you want is your peace
(I can't blame you)
(I can't blame you)
This dick isn't weak

Grey scale, grey scale, grey area
Gaslighting on the flames of a Sagittarius
I'm brave, drive my crazy
Have my baby, not a maybe
You're my only sugar lady
The things we say to get laid

Grey area, grey scale, grey scaaaaaaallllleeeee
Grey area, grey scale, grey scaaaaaaallllleeeee

It's grey, it's grey, it's grey, it's grey
Everything is great, it's great, it's grey, it's grey
No black or white, right in the middle
No black or white, right in the middle
No black or white, right in the middle
No black or white, right in the middle

No black or white, right in the middle
No black or white, right in the middle
No black or white, right in the middle
No black or white, right in the middle
