

KING KING

Duckwrth

King, king (Huh)
King, king

My N-I-double G-A (Ayy)
It rolls off the tongue, like I'm cursing in French (Uh)
Voulez-Vous, my niggas think you county with the stench (Ok)
I speak that broken French and you can't fix that with a wrench
My N-I-double G-A (All day)
Please excuse my language but this native tongue's legit (Ok)
And ain't nobody faded when we start to throw a fist
A five finger clench will make a sucker nigga's split
My N-I-double G-A (Ayy, ayy)
I feel that pressure on me all day (All day)
'Cause either it's the cops or the niggas in the drop
Pull up on you, drop the window, let it spray (Brrrr)
My N-I-double G-A (What you say?)
Being that we use it as a term of endearment
Plus my niggas daily hope that everybody hear it
Looking down at you, at the top of the pyramid (King)

Doo doo, king, king (Huh)
King, king, king
Doo doo, king, king (Huh)
King, king, king (Shit)
King
Doo doo, king, king (Huh)
King, king, king
Doo doo, king, king (Huh)
King, king, king (Shit)

My N-I-double G (G)
Shortened it but that don't mean it's something sweet (Uh)
They duplicate my features, my anatomy (Wanna be)
Confront 'em on that shit, they gon' get mad at me (Fuck it)
Whatever my N-I-double G (Whatever)
I buzz you off like buzzing on a bumblebee (Hey)
I buzz you like bzzzz, but I am humbly (Uh)
Honored that you slap my music comfortably
But really, my N-I-double G (Uh)
I can give two fucks about who fuck with me (Ooh)
It's ok but really, I'm lying out my fucking teeth (Damn)
If you don't play my words and beats, then I don't eat (For real)
And that's real, my N-I-double G (G)
Double OG, triple my money
Triple owed, triple commas tripping on me
Boy take that up with God 'cause he the one that chose me
Show me how to be king

Doo doo, king, king (Huh)
King, king, king
Doo doo, king, king (Huh)
King, king, king (Shit)
King
Doo doo, king, king (Huh)
King, king, king
Doo doo, king, king (Huh)
King, king, king (Shit)

Bust down on a Rollie (No, ayy)
Bust down my crown (Bust down my crown)
Sapphire and ruby (Go)
Doubts setting in, my brown (Hid in my brown)
Bust down on a Rollie (No, ayy)
Bust down my crown (Bust down my crown)
Sapphire and ruby (Go)
Doubts setting in, my brown (Hid in my brown)

Ayy, now cool it down, cool it down (Cool it down)
And be the niggas mobbing through your town (Mob)
A hundred kings shining all around (Shine)
And you don't even hear the gun sound
Ayy, now cool it down, cool it down (Cool it down)
And where my queens holding niggas down?
A hundred queens marching all around (Uh)
And you don't even hear the gun sound (Brr)
King, king, king
