

Lowridr

Duckwrth

Everybody wanna get high but
To get high, you got to get low first...

I done rode on the back of the bus like all my life
But it's funny though, cause that's where I found my wife
Man I hate the bus
I'd rather just ride my bike
Park that ass on my handle bars and
Everything's alright (1-2-3-4)

You can take a ride on my bike
Lowridr bike
You can take a ride on my bike
Lowridr (Bounce)
You can take a ride on my bike
Lowridr bike
Lowridr bike
Lowridr

We cruise down the block
Sk8 hi Vans
And some thick scrunch socks
Ice cream man let me get a double scoop
Then I ride off in my Lowridr drop
Jody said he had a new scraper black on black lord Vader
Plus it came with Chubacca in the trunk
Open that up and let the beast just knock

So we cruise around the block
Wondering when the heat gonna drop
And I ain't even talking about a sun
I'm talking bout the cops with gun
Lookin like he never have fun
Never will I ever will I find some one
Lead my parade to the beat of my drum
The deeper I go yo the deeper I cum
Went so deep that it touch your soul!
Back in the day it was in ink and scroll
Now it's LCD double click and scroll
Back in the day you would pick your nose
Now it's pick presidents, who runs these poles?
I swear on the oath, that I won't stop
Now sit yourself right on top
Booty round, looking like two gum drops, Good Lawd say

You can take a ride on my bike
Lowridr bike
You can take a ride on my bike
Lowridr (Bounce)
You can take a ride on my bike
Lowridr bike
Lowridr bike
Lowridr

I done rode on the back of the bus like
All my life
But it's funny though

Cause that's where I found my wife
