

# Make U Go

Duckwrth

If you let your worries go  
I bet the sun will show  
I bet the grass will grow  
You know it and

And if I hit it from the back  
You know I grind it slow  
I bet your ass will grow  
Fa- Sho  
Lock the door  
Is grown folk shit  
Going  
Down  
Yo neck  
Yo back  
Bite it soft  
I won't attack

Shouldn't known  
When you pulled up  
On my side of town  
Like skuuuuuurr

I make you go  
Ooooooooo oooo oo oo oo oo oo  
I make you go  
Ooooooooooooooooooooooooooooo  
I make you go  
Ooooooooooooooooooooo

If you let yo homies know  
About our thotty ways  
They might be so amazed  
Yay yay  
Yay yay  
And  
Curiosity will grow  
If dem hoes try to slide  
You cannot be so surprised  
You can't be giving all yo besties the tea cause they caressing they D  
They found they way to knees  
Like they confessing them sins  
But On God  
U the  
Only one that Slides  
Make a home between yo thighs  
Break the roof and touch the sky

I make you go  
Ooooooooo oooo oo oo oo oo oo  
I make you go

Pulling on my stem, girl rose is a rose.  
Swimming down stream, I got a taste for the Gold  
Pulling on my stem, girl rose is a rose, oh yeah  
Fafafafa  
Pulling on my stem, girl rose is a rose.  
Swimming down stream, I got a taste for the Gold  
Pulling on my stem, girl rose is a rose oh yeah
