

# Mansions Freestyle

Duckwrth

Hey bruh, hey bruh, hey bruh  
I hear you doing this rock shit  
I fuck with that shit, you know what I'm sayin'?  
But my nigga, we need some 16s right now bro  
I need you to freestyle  
I need you to rap my nigga, I need you  
You know what to fuckin' do bro  
You know where you from bro  
You know what, matter of fact  
I got something for your ass right here  
This it? (ay cuh)  
This the beat? (ay this nigga 'bout to freestyle)  
Okay  
Check (ay listen to this nigga)

Aye yo I'm sitting in a mansion  
Feeling like this shit ain't even real  
Matter fact, surreal  
Wonder who the funk I got to kill  
Not really with a weapon, but more with the skill  
And how many verses do a nigga gotta spill  
To get a 10 million dollar deal, deal  
Deal with the struggle 'cause it got a cool appeal (what struggle?)  
Hollywood girl pop a pill  
So she can feel something real

But you know the story  
'Bout the glitz and glory  
Got a little bit of fame  
Now the fans adore me  
But I'm feeling like Sway  
No answers on me  
And all the writers want is answers from me  
But I don't know shit, go ask the homie  
If you don't like that bick back and blow me  
And don't forget about my nuts  
My sack is lonely  
Only got one rack, my stack is lonely  
Mo need revenues to get the Aston homie  
So I can ride around like Pastor Tony  
That's my testimony but yeah

Sitting up in a mansion  
Feeling like this shit ain't even real  
Matter fact surreal  
Wonder who the fuck I gotta kill  
To get a 10 million dollar deal, deal  
Hollywood girl pop a pill  
Just show she could really get the feel, feel, feel, feel, feel
