

Power Power

Duckwrth

All good

And when they dropping off all that drip for free
You know you got power
And when they tryna throw the whole damn bag at me
Oh yeah I know I got power

I got power
I got power
I said, "Fuck it"
Put in the hours

And when they dropping off all that drip for free
You know you got power
And when they tryna throw the whole damn bag at me
Oh yeah I know I got power

I got power
OK, I got power
I said, "Fuck it"
Put in the hours

The ability to command and execute
But darling you

Black on black my shades is all tinted
Big bling blow, I got yo eyes squinted
Mami chose up, and left you with the quickness

Yah mans is looking sour

Drip drip - hit a nigga with the shower

I can flip it in an hour

My whole gang's looking chill and expensive
Flex on flex
My friends is on fitness
Chunky checks
My bucks is all business
Brands on brands
That shit is offensive

Eat em up bitch you can get devoured
It's a difference from a hero and a coward
Who are you?

And when they dropping off all that drip for free
You know you got power
And when they tryna throw the whole damn bag at me
Oh yeah I know I got power

I got power

I said, "Fuck it"
Put in the hours

And when they dropping off all that drip for free
You know you got power
And when they tryna throw the whole damn bag at me

You thought that you were killin'
Had them looking for the witness
But you really wasn't giving anything
Sip Dolce no Gabbana
And I eat up all the drama
Like piranha I devour everything

Eat em up
Eat em up
I devour everything
Eat em up
Eat em up
I devour everyone on the scene
Put the bread on the top
And yo head in between

Back back homie quit actin all phony
Saying my government name like you know me
My girl is a trophy 90s' Naomi
I give you life for free so you owe me
And pay me with some interest
Eat em up bitch
You are so delicious
What really happens
When the hero meets the villain?
Let's find out

And when they dropping off all that drip for free
You know you got power
And when they tryna throw the whole damn bag at me
Oh yeah I know I got power

I got power
I got power
I said, "Fuck it"
Put in the hours

And when they dropping off all that drip for free
You know you got power
And when they tryna throw the whole damn bag at me
Oh yeah I know I got power

(What you talkin about)
