

Pray

Duckwrth

Let's go

Action

Make a movie like it's action

I'm not an actor

But I shoot my shot like an assassin

Distraction

I want you to be my main distraction

My God I know

You deserve a a real one

And I know you're praying for a ride-or-die

I pray to God that he give him to yah

And you pray they got that mmmhhmm

I hope to God that he send it to yah

Straight up

In the best way

In the worst way

That's all me

Best way

In the worst way

That's all me

Best way

In the worst way

That's all me

I wanna know you in the best way

Understand your thoughts like my own

And if I see you on your worst day

Decorate your thoughts

With sweet words and undertones

Cuz everyone that stole your time

They tried to make you compromise

You searched the sky

And fantasized

You were lookin for me

And I know you're praying for a ride-or-die

I pray to God that he give him to yah

And you pray they got that mmmhhmm

I hope to God that he send it to yah

Straight up

In the best way

In the worst way

That's all me

Best way

In the worst way

That's all me

Best way

In the worst way

That's all me

If God cracks the sky today

And come down like lightning and rain

I hope you find your way

I do

And I know you're praying for a ride-or-die
I pray to God that he give him to yah
And you pray they got that mmmhhmm
I hope to God that he send it to yah
Straight up
In the best way
In the worst way
That's all me
Best way
In the worst way
That's all me
Best way
In the worst way
That's all me
