

Slow Motion

Duckwrth

It's summer, all year long
Track runner, running through my dome
Big stunner, like Baby Wayne & Juvi
We make a baby movie to this baby making music
Horses gallop thru the street
When you puttin' that thang on me
Angels singing all to the beat
Don't it sound so sweet
Moving too fast, take off your cleats
Running around like all week
Close the door, hit the sheets
Now you moving

Slow motion, Slow motion
I knew you would like it, knew you would ride
Slow Motion, Slow Motion
I knew you would like it
Knew you would ride
Slooooooww
Slow motion
We was moving (too quick)
Slow motion
Yeaaaahhhh

This summer, gone too soon
Eat a shroom, now we on the moon
All these options, dancing in my head
You thought I asked for head
But I hit yo spot instead
Giving everything you need
You ain't never got to plead
(Too true)
Alexander on the Queen
'Lenciaga on the seam
(Too true)
We just slowing down the speed
I just wanna make you cream
(Too true)
Horses galloping on the scene
I see you riding

Slow motion, Slow motion
I knew you would like it, knew you would ride
Slow Motion, Slow Motion
I knew you would like it
Knew you would ride
Slooooooww
Slow motion
We was moving (too quick)
Slow motion

Slow, slow
Won't you slow for me when you put it on me
Won't you slow for me when you put it on me
