Now whatchu wanna do with it  
You just wanna groove with it  
Wanna act cool with it  
(Wanna act cool)  
Wanna make a movie  
In the back of the jacuzzi  
Make yah neighbor wanna zoom in it (Drip drip, wet)  
Actin crazy at the soho  
Kissing down below low  
Make me get room with it (Gotta get a room)  
I slide in like the moon walk  
Then I kill the poom pop  
May just get a tomb with it (Dead)  
Tomb raider, Angelina Jolie lips  
Who made yah?  
Momma must been hot too  
New flavor  
Sucking on my and the tip  
My favorite  
Gripping on my  
Like it's a light saber  
Talking while you got it in yo mouth  
Darth Vader  
Baby Yoda weed  
Feel the force cause you faded

What if our secret ever came out?  
People talk, still can't put flame out  
Cast your cares to the wind  
I'll keep you close (I'll keep you close)

I'll keep you close (I'll keep you close)  
We met at the movies (Mmhmm)  
But we watching nothing  
My heart quickly pumping  
Just like a Uzi (Dudududu)  
We sneaking all goofy  
My mama say floozie  
Cuz I'm grabbing booty  
(Ooh that thang soft)  
At the back of the movie  
You back it up on me  
Like I'm singing Juvi (504)  
Well I guess I am Juvi (HOT)  
Girl you look good when you  
Back that ass up  
Got so much ass, like the word assassin  
Looking back at it without no compassion  
You killing everybody in an orderly fashion  
Like blow blow  
Kill em like wow  
And now the FBI gotta put you on file  
A digital girl with a criminal smile  
So 9-11 I had to dial  
Damn
