Duckwrth

Get it get it get it
Get it get it

Get it get it get it
Get it get it

Get it get it get it
Get it get it

Get it get it get it
Get it get it

Slide on a Tuesday, Slide
But It feel like the weekend
But we in here tweaking
Acting indecent like who let the freak in
Freak freak
This must be my season
These bands is cohesive
Take a hundred from me
That don't bother a G
This is nothing but King King
Sitting on a thrown
Cause a nigga made it
Left the seat wide open
So I had to take it
Left the doors wide open on the black Lambo
Wood grain on the dash
Looking lemonaked
On God my momma said I am amazing
Shorty gave me a bar so I had to raise it
Don't drop your whole jaw
Looking in amazement
Supergood
Let the whole world taste it
Ummm

Get it get it get it
Get it get it

Get it get it get it
Get it get it

Get it get it get it
Get it get it get it

Get it get it get
You can get it on God

This feeling like the weekend
Tuesday but its feeling like the weekend
On God, I be looking for a reason
If its good you can get it on the weekend
Oh my God
This feeling like the weekend
Tuesday but its feeling like the weekend
On 10, I don't even need a reason

If its good you can get it on the weekend

Now I'm back in the track
Like its Friday, in fact
In the cream cadillac
Yeah, I might bring it back
Breed got the slaps
Triple green for the snacks
Yeah I'm mean with the facts
Gucci green on the slacks
Like that
Hes on 10
Bully that beat like debos twin
Do my dance like the beat don't end
Boy you better keep score I'm a need my win
Once again
Sitting on a thrown
Cause a nigga made it
Left the seat wide open
So I had to take it
Left the doors wide open on the black Lambo
Wood grain on the dash
Looking lemonaked
I took my seat right at the table
Its the middle of the beat and I'm throwing pesos
Please tell the camera man to get my best angles
Which is every angle
This is what I'm made for

Get it get it get it
Get it get it

Get it get it get it
Get it get it

Get it get it get it
Get it get it get it

Get it get it get
You can get it on God

This feeling like the weekend
Tuesday but its feeling like the weekend
On God, I be looking for a reason
If its good you can get it on the weekend
Oh my God
This feeling like the weekend
Tuesday but its feeling like the weekend
On 10, I don't even need a reason
If its good you can get it on the weekend
