

We Outside

Duckwrth

Alright, back in this thang, SUPERGOOD shit

U can keep the Xanni, I'm xenned.
Only bars I'm popping off is strictly from the pen
We've been going up I got my family on 10
They ain't got to worry if the bag is coming in
I've been putting hours after hours after hours after hours in
I deserve all this glossy drip that I am showered in
Yeah yeah yeah he's shallow, up stream without a paddle
Big drip, dip my toe up in the shallow end

Judge me without a gavel
Yah dick riding niggas
U should probably by a saddle while you babbling
It's the last days
Babylon at your front yard,
Pandemic popping before you could put your pants on
I had plans then the whole year was canceled
Now stress and anxiety's the only thing I plan on
One year later mask off with my companion
All she wanna do is sip slow and get her tan on

And you deserve it
You've been working
I know you nervous
Don't be nervous
(Because)

We back outside
And we ain't trynna go back in
So pull up at 9
And if you want, you can go tell a friend

Ooooh,
Was your pandemic popping?
Was your pandemic popping?
Was your plan to get it poppin'
With your friend pussy poppin?
Was your pandemic popping?
Was your pandemic popping?
Was your planning to get it poppin'
With your friend pussy poppin on me?

We back outside
(Just like I told you. Stop playin with me)
And we ain't trynna go back in
So pull up at 9
(You know I'm pulling up in that new thang,
Stop playing with me, skkkrrrr)
And if you want, you can go tell your friends
(Be outside when I pull up)

(We back up in this bitch)
Was your pandemic popping?
Was your pandemic popping?
Was your planning to get it poppin'
With your friend pussy poppin?

Was your pandemic popping?
Was your pandemic popping?
Was your planning to get it poppin'
With your friend pussy poppin on me?
